SKILLS & ABILITIES

Basketball Player – Analytical thinking – Creative – Team-worker.

Computer skills: Microsoft Office (Very good user)

Language skills: Arabic (Mother tongue)

English (Excellent)

German (Fair)

COMMUNICATION

Dealing with others is my passion for everyday challenge. I love knowing people and my attitude is admiring the janitor as much as the CEO.

LEADERSHIP

I think that naturally I have the genes of leadership as I was chosen to be the captain of my basketball team and head of my faculty scientific group. The cooperation between us to solve problems and achieve success was a result of team work and planning rather than supervision. I always felt as a team member not a leader.
